

## Chocolates for Mom

**She can have her chocolates and eat the box, too!**

*by: Cooking Pleasures*

After all she's done for you, doesn't Mom deserve the very best? This is the gift that keeps on giving. After she's done with the chocolates—a melt-in-your-mouth mix of milk and dark chocolate peanut butterflies (our favorites), milk chocolate caramel, Poire Williams caramel, chocolate fleur de sel caramel and three fleur de sel caramels decorated with pink flowers—Mom can nibble on the edible chocolate box.
