Chocolate Peanut Butterflies

A delicious flight of fancy, these confections are handcrafted of premium Guittard chocolate and homemade peanut praline by Charles Chocolates. To create the crunchy filling, fresh peanuts and pure cane sugar are roasted together in copper kettles, then blended with smooth milk chocolate. Finally, it's piped into hand-molded shells of premium bittersweet chocolate and milk chocolate. Nestled in a presentation box tied with a satin ribbon, the eight dark and eight milk chocolate butterflies make a splendid springtime gift. [click here](#) to order.
